RESPONSES TO REQUESTS FOR INFORMATION

The following is a clarified response to written Requests for Information 10:

RFI No.	REQUEST	RESPONSE
10	We do not find reference for bid bond requirements except in ITP 5.5, 5.6, 5.7, and 6.0, where CDOT can claim the proposal bond, we will forfeit the proposal bond, or be considered non-responsive if a proposal bond is not provided. It is our assumption that CDOT desires a bid bond. Please clarify this in the ITP, and provide direction on where it should be included within the proposal submittal (and how many copies ?).	Requirements for the proposal bond and form is provided with this addendum. Submit one original with proposal.
